# Operational Consulting Experts

## What is your company doing to improve operational efficiency?

Operations professionals are being asked to produce more product today with fewer resources than ever before. In order to meet these demands, it is essential to improve operational efficiency.

*RTE can help you improve your operational efficiency!*

Our operational consulting expert can assist with:

- ▶ Improving MRP performance and accuracy
- ▶ Process Optimization
- ▶ Inventory Management
- ▶ Physical Inventory and Cycle Counting Programs
- ▶ Inventory Reduction
- ▶ ... and many other business efficiency programs

### Meet Dave Mowrey

Dave is a specialist in production and inventory management strategy solutions. He provides solutions that streamline inventory processes, enabling manufacturing companies to be more efficient and turning that efficiency into bottom line profits.

Dave has served as the Operations Manager for several companies; he has helped more than 100 companies implement SYSPRO Software and to optimize their performance.

### Flexible consulting schedules

Dave will come to your site and work directly with you and your employees to achieve your desired results. His on-site visits are coordinated to fit your schedule, usually one or two (consecutive) days per month.

Between visits you will be provided with a list of To-Do's to be completed before the next visit. Telephone or email consultation between visits is also available.

Put Dave to work for your company today and see improvements to your bottom line in 2010.

To learn more, contact RTE at 320-252-6830 ext. 1 or by email at: [sales@rite-inc.com](mailto:sales@rite-inc.com)

## Satisfied Clients Say it Best!

### ARB – Process Optimization and MRP

"Our utilization of the MRP system has increased by over 25 percent! During that time our business has experienced tremendous growth."

### Lindsay – Cycle Counting

"Dave worked with us and recommended changes to our selection criteria and our cause codes. After we made the changes they recommended our results improved by more than 20 Percent."

### Technology Driven Products

"Our business has grown over 200 percent in the past five years. Dave has assisted us in our growth by helping us expand our use of our MRP system."

### SCFM Compression Systems

"With the rapid growth of our business we decided to bring in Dave to work with us in the area of Process Optimization. Together we evaluated our current processes and together developed processes that were more optimized for our size business. The processes also took full advantage of our newly implemented MRP system. We are very pleased with the results and would recommend you use Dave."
